Merial Test Report

1. The attached report of the Merial Testing Program is for your study and retention. The report covers the basic program and first inspection during May 1955. [redacted] was present and of invaluable assistance at both the burial and first inspection. Perhaps he can help fill in some of the holes that regrettably had to be cut out.

2. As you know this is a five year program and attachments will be forthcoming to cover subsequent inspections. The second inspection has already been made and a report will be prepared in the near future. Please keep track of the report and let us know whenever it takes a permanent change of hands so that attachments and related information may be sent to the proper persons.
